Delivering Efficiency, Strength and Rock Solid Value.

80% AFUE TO 95.5% AFUE GAS FURNACES

95.5% AFUE model shown

Count on the whisper quiet performance of Guardian® gas furnaces to come through for you. You'll save energy even on the coldest days thanks to efficiency levels up to 95.5% AFUE—with up to 40% higher efficiency than older furnaces. Or choose our 80% AFUE model that fits naturally vented homes with a chimney—and trims bills nearly 25% compared to older models.

- SOLID:** Aluminized tubular steel heat exchanger combines superior corrosion resistance and maximum efficiency.
- ADVANCED:** Integrated control module ensures reliable, safe operation while increasing fuel efficiency.
- COMPACT:** Small 33-inch size is a perfect fit to take up less space in your place.
- DURABLE:** Heavy-gauge, pre-painted galvanized sheet metal is folded for strength and eliminates sharp edges.
- SAFE:** Hot surface ignition eliminates the need for a pilot flame, giving you greater peace of mind.
- ASSURANCE:** Strong limited warranties cover parts for ten years and up to a lifetime for heat exchangers on select models.

MODEL	DESCRIPTION	CAPACITY	LIMITED WARRANTY
RGF-9-P, RGF-9-E	95.5% AFUE	40-120 MBH input	Lifetime Heat Exchanger*/10-Year Parts**
RGF-L-P, RGF-L-E	80% AFUE	40-120 MBH input	20-Year Heat Exchanger/10-Year Parts**

For additional product details, such as weight and dimensions, visit www.guardianhomecomfort.com or ask your Guardian® Contractor.

* For lifetime heat exchanger warranty, system must be registered online within 90 days of installation. If not registered within 90 days, the heat exchanger warranty reverts to a 20-year limited warranty.

** For 10-Year Limited Parts warranty, system must be registered online within 90 days of installation. Otherwise the warranty reverts to the standard warranty as published in the product warranty certificate. (Three-phase models do not qualify for the 10-Year warranty. Three-phase models have a 1-Year Parts and a 5-Year Compressor warranty.)
