Delivering Efficiency, Strength and Rock Solid Value.

13 TO 14.5 SEER AIR CONDITIONERS

Unlike clunky, old-style air conditioners, the Guardian® design gives you more cooling in a smaller cabinet thanks to space-saving all aluminum Microchannel coils. Plus, you enjoy perfect indoor temperature, controlled humidity, improved air quality and quiet operation with advanced fan technology.

- EFFICIENCY:** 14.5 SEER models are about 70% more efficient and 13 SEER models are about 60% more efficient than older 8 SEER units.
- TRIM:** Space-saving all aluminum Microchannel coils pack more efficiency in less space.
- RUGGED:** Heavy-duty compressor provides pressure and temperature protection, plus permanently lubricated fan motor that does not require annual servicing.
- RESPONSIBLE:** Answers your environmental and energy concerns with non-ozone depleting R-410A refrigerant and more energy efficient 14.5 SEER models.
- QUIET:** Enjoy quieter fan operation and better air quality inside.
- ASSURANCE:** Strong limited warranties cover parts and compressors for ten years on select models.

MODEL	DESCRIPTION	CAPACITY	LIMITED WARRANTY
RAC14	14.5 SEER	1.5-5 Tons	10-Year Compressor/10-Year Parts*
RAC13	13 SEER	1.5-5 Tons	10-Year Compressor/10-Year Parts*

For additional product details, such as weight and dimensions, visit www.guardianhomecomfort.com or ask your Guardian® Contractor.

* For 10-Year Limited Parts warranty, system must be registered online within 90 days of installation. Otherwise the warranty reverts to the standard warranty as published in the product warranty certificate. (Three-phase models do not qualify for the 10-Year warranty. Three-phase models have a 1-Year Parts and a 5-Year Compressor warranty.) R-22 models are covered by a 5-Year Limited Parts warranty and do not qualify for the 10-Year Limited Parts warranty.
